

## **Tuesday**

- How's the progress so far?
  1. We both feel like we are making good progress and are in a good position
- What tasks are you working on today?
  1. Wireframe 
  2. Work together on making links clickable on demo
  3. Add image in server to make a path
  4. Make a plan for slide show
  5. Check to see if we can put PDF files onto GitHub 
- Do you expect any blockers? If so, which ones?
  1. We are hoping the links are an easy task 🙌

## **Wednesday**

- How's the progress so far?
  1. Even after yesterday we feel like we are still making good progress and are in a good position
  2. After the set back we have decided to code on one pc but both still have an input
- What tasks are you working on today?
  1. Work together on making links clickable on demo 
  2. Add image in server to make a path 
  3. Make a plan for slide show 
- Do you expect any blockers? If so, which ones?
  1. We are hoping the links are an easy task 🙌

## **Thursday**

- How's the progress so far?
  1. We both feel like we are in a really good position and are happy with the work/progress we have made
  - 2.
  
- What tasks are you working on today?
  1. Get started on slide show 
  2. Start filling out README 
  3. Talk about who does what for the presentation 
  4. Go over demo to make sure it works
  5. Look up history of python 
  - 6.
  
- Do you expect any blockers? If so, which ones?
  1. We don't think we will hit any (Hopefully) 🙌
  - 2.

## **Friday**

- How's the progress so far?
  1. We are happy where we are we just need to finalise the last couple of bits
  
- What tasks are you working on today?
  1. Finish off slide 
  2. practice presentation
  3. Finish of README 
  
- Do you expect any blockers? If so, which ones?
  1. Not expecting anything 🙌
